Delivery System Reform and Incentive Payments (DSRIP)

Texas Healthcare Transformation and Quality Improvement Program

Texas One Voice: A Collaborative for Health and Human Services
May 11, 2012
Regional Healthcare Partnership (RHP) and DSRIP Incentives

RHP Plans include:
- Regional health assessments.
- Participating local public entities.
- Identification of hospitals receiving incentives and of yearly performance measures.
- Incentive projects by DSRIP categories.

RHPs and RHP plans do not:
- Require four-year local funding commitments.
- Determine health policy, Medicaid program policy, regional reimbursement, or managed care requirements.
Delivery System Reform and Incentive Payments (DSRIP)

- Support coordinated care and quality improvement through RHP to transform care delivery systems
- Funding increases over the waiver period based on performance and achievement of metrics
DSRIP Category I Examples:
Infrastructure Development

- Expand primary care capacity
- Expand behavioral healthcare capacity
- Expand specialty care capacity
- Expand clinical and administrative reporting systems that support quality improvement
- Increase training of primary care workforce
- Expand reporting and HIT systems and capabilities
DSRIP Category 2: Program Innovation and Redesign

- Primary care redesign
- Behavioral healthcare redesign
- Increase specialty care access/ redesign referral process
- Adoption of medical homes
- Expansion of chronic care management models
- Implement / expand care transition programs
- Implement real-time Hospital Acquired Infections (HAI) system
- Physical and mental health co-location
- Alternative care coordination strategies
- Redesigned payment models (ACOs)
DSRIP Category 3: Quality Improvements

Create and implement:

- Strategies to impact Potentially Preventable Events
- Behavioral health delivery systems
- Delivery models using telemedicine
- End-of-life care models
- Health promotion and disease prevention improvements
- Strategies to reduce inappropriate ED use
- Medical Home Model
- Disease registry management
DSRIP Category 4:
Population-focused Improvement

- Patient-centered care & care coordination
- Preventive health
- At-risk populations (e.g. diabetes)
Nine (9) Regional Workgroups

- Mental Health/Substance Abuse
- Access to Care
- Disease Management/Chronic Conditions
- Health Prevention & Promotion
- Pediatrics
- Women’s Health/Birth Outcomes
- Hospital Utilization
- Information Technology
- Workforce
DSRIP Projects: Key Components

- Category
- Project/Intervention
- Performing provider
- Description of intervention
- Goal of intervention
- Expected outcome of intervention
- Baseline data for intervention (patients served, percent of providers in intervention, number of encounters)
- Inter-related projects in DSRIP plan
- Table outlining: milestones, metrics, estimated DSRIP funding; estimated state match.
DSRIP Items

Pending:

- Required Category 3 interventions
- Requirements for project distribution, number and reporting of projects and milestones
- Project values
## Next Workgroup Meetings
